Grants SA is a one-off project funding program that provides approximately \$3 million in grants annually to not-for-profit community organisations to improve community participation, wellbeing and quality of life for people living and working in South Australia.

3. About the Grants SA COVID-19 Support Grant

Due to the COVID-19 public health emergency, the normal Grants SA program is ceasing operations until further notice.

The 'COVID-19 Support Grant' is a modified Grants SA initiative that has been released to support not-for-profit organisations continue to provide services to vulnerable and disadvantaged people in South Australia in the current circumstances of the COVID-19 public health emergency.

AND be either:

4.2 Sponsored organisations

Organisations that are not incorporated and/or do not have an ABN, can apply if they meet all other eligibility criteria and are able to secure an eligible organisation to act as their sponsor (auspice) for the project. The sponsoring organisation is then responsible for submitting the application online, the legal and financial accountability of the project, and will be required to enter into the grant agreement. Sponsoring organisations will receive the funding and be responsible for acquitting the funding.

4.3 Who cannot apply for a grant?

Your application cannot be considered for assessment if you do not satisfy the eligibility criteria.

Applications will not be accepted from organisations or sponsored organisations that have licensed gaming machines in their facilities or hold a gaming machine licence.

5. Funding details

Grants of up to \$10,000 are available to eligible not-for-profit community organisations so they can continue to deliver programs during the COVID-19 public health emergency.

Organisations or sponsored organisations can apply multiple times, however the assessment panel may consider equity as part of their recommendations. There is no limit to the number of times an eligible organisation can sponsor other organisations.

To apply you must:

- register and complete the online application form for funding via the SmartyGrants online portal (link is available on the Grants SA website) www.dhs.sa.gov.au/grantsSA.
- be an authorised signatory for the organisation (i.e. Chief Executive, President, Chairperson, Treasurer, Secretary)

- address all eligibility criteria
- submit your application prior to **3pm 30 October 2020**.

8. Assessment of grant applications

Applications will be assessed as they are submitted, rather than waiting for allocated round dates like the normal Grants SA program. Assessments will be undertaken through a two-stage grant process.

8.1. Stage 1 – Eligibility Assessment

Department of Human Services' staff, with suitable knowledge, skills and training, will assess each application against the eligibility criteria and rate applications as eligible or not eligible for funding.

Applications are screened to check that:

- the applicant organisation is eligible to apply
- the application has been completed in full and all required information has been provided

Note: Grants SA may contact you for further information or clarification regarding your application (e.g. quotes and other documentation and explanations)

8.2. Stage 2 – Panel Assessment against Assessment Criteria

The Assessment Panel will assess applications for funding against the Assessment Criteria (*refer 8.3 Assessment Criteria*) and the extent to which they address the target group. The Assessment Panel will include a mix of senior staff from DHS, State Government officers or external advisors with relevant specialist expertise.

8.3. Assessment Criteria

Applications will be assessed by a merit-based assessment process using the criteria outlined below. Organisations should aim to address each criterion through the information they provide in their application form.

Criterion	Scoring	Detail
Organisation and community need	40%	How will your project address the need within your organisation to adapt your continued services or increased service delivery during the COVID-19 public health emergency? Projects will be assessed on the extent to which the project addresses need. Projects that can show evidence of a higher community need, such as servicing the most vulnerable in the community, and projects in regions experiencing a high disadvantage or impact from COVID-19 will be considered a priority.
Impact of benefit for community	40%	What will the impact be of your project on the target group as a result of the resources? Projects will be assessed on the extent of positive impact or benefit on the target group community, considering the number of people and significant benefits.
Value for money	20%	Projects will be assessed on the extent of value for money given the number of people who will directly benefit. Projects should show the costs proposed are reasonable and realistic.

The panel may also take into consideration the following when making a final decision to allocate funding:

Geographic/demand driven funding distribution	The extent to which funding the project contributes to an equitable allocation of funding across geographic regions of South Australia. Higher risk areas or where a high demand exists will also be taken into consideration
---	---

8.4. Approval

The Minister or Minister’s delegate will decide which grants to approve based on recommendations of the panel and availability of grant funds for the purposes of the grant program.

9. Notification

All applicants will be notified, in writing, of the outcome of their application.

9.1. Successful applications

If your application is successful, you will receive written notification from the Department of Human Services. You will then receive an agreement detailing the terms and conditions of the funding provided.

All applicants will be required to sign the agreement and comply with its conditions, which will include requirements to:

- submit an online final report accounting for how you spent the funding (financial acquittal), including receipts for all purchases.
- measure and report on the outcomes from the funded project (project evaluation)
- have public liability insurance – a minimum of \$1 million or as required in your agreement
- appropriately acknowledge the State Government of South Australia as a funding source for the project (*refer 12.2 – Acknowledgement*)

Payment will be made in accordance with the terms and conditions of the agreement.

Note: *It is anticipated that the number of eligible applications and funds may exceed the funds available. Therefore, the Department of Human Services does not guarantee applications will be successful, nor that successful applications will receive the full amount of funding requested.*

9.2. Unsuccessful applications

All ineligible or unsuccessful applicants will receive written notification from the Department of Human Services.

Unsuccessful applicants are encouraged to contact the Grants SA team for feedback regarding their application (*refer 12.4 – Enquiries and feedback*).

10. Announcement of grants

Details of successful grants may be published on the Grants SA website (www.dhs.sa.gov/grantsSA) after notification.

11. Reporting requirements

11.1. Acquittal and Project Evaluation

On completion of the project, you will need to sign a declaration stating that you spent your funds in accordance with your agreement.

Reports are completed online via the SmartyGrants portal. Once grant funds have been paid to the organisation, the registered user (the person who submitted the application), will receive a link to the online portal.

You will be required to provide a short summary about the difference your project made, including a description of what you learned from implementing the project. The department will gather this information to support organisations to better respond to future crises.

The table below provides information about the summary's requirements:

What did you do?	Describe what you did with the grant to enable your organisation to adapt and continue to provide services
What is the outcome your project achieved?	Describe the outcome that your funded project achieved for your organisation and the community
What did you learn and what would you do differently in a public health emergency or crisis	Describe any learnings from the project or your organisation's experience during the public health emergency. Is there anything your organisation would do differently or would need, to continue to provide services in a public health emergency or crisis?
